| Microform                           | Roll microform: over 3,226 km / 2,005 miles |                |
|                                     | Microfiche (other than reports) 4,500,000   |                |
| European Community Research         | 1,200 titles                                | 400            |

\* as at April 2000

**Patent literature:** The British Library's collection of industrial property comprises almost 50 million patent specifications, as well as other literature from almost every issuing authority in the world.

**Other Sources:** Libraries around the world, as well as RWS local offices, are also used to procure copies of scientific, technical and techno-commercial literature.
